

HEALTHCARE PROVIDER PACKAGES

Genetics Consulting
Services For Your Practice.

**Genetic Counseling Services
For Your Patients.**

*Genetics has become essential to high quality care.
Grey Genetics can help you successfully integrate
genetics into your medical practice.*

BASIC GENETICS SUPPORT PACKAGE

- Initial customized assessment of practice to see where and how evidence-based genetic testing can be effectively integrated and/or review of current systems, processes and protocols in place.
- Unlimited ongoing support as needed by phone and email.
- Updates when new societal guidelines become available with review of practice protocols to ensure that all appropriate patients for referral to genetic counseling and/or testing are being identified.

Set-up fee: \$350

Monthly fee: \$35

GENETIC COUNSELING & SUPPORT PACKAGE

- All the elements included in the Grey Genetics Basic Support Package
- Comprehensive genetic counseling services for up to 2 patients a month.
- Patients book appointments through the online scheduling system by using the Client-specific code.
- Consult notes are sent by encrypted email to patient as well as referring healthcare provider.

Set-up Fee: \$350

Monthly fee: \$535
